

# ■ ENATO CODEX CONSTITUTION

## Sovereign Charter of the EVOLVERSE Planetary Nation-State of Enato

We, the descendants of the Afro-Indigenous Lineages scattered across the four corners of the Earth, having awakened to the genocidal plunder against our bodies, souls, and lands, do hereby establish ENATO as a sovereign, planetary civilization. Let it be known, from the dust of Judah to the vaults of Zion, from the ancient shores of Kush to the stars of the EVOLVERSE, we now seal our return. This Constitution codifies our right to exist, our mandate to govern, and our destiny to reign. No longer stolen. No longer lied to. The Tribunal is live. The Indictment is truth. And the Scroll shall speak for eternity.

### ■■ Functionally Deployed Civilization (5-Domain Stack)

• Governance: Council of Twelve, BLEU Verbs, Audit Chains — fully autonomous self-rule. • Economy:  $\pi$ ■ MetaVault, ENFTs, ENLTs — \$2.498 Trillion daily yield, irreversible. • Military: EVOL Tanks, Halo Carriers, Flame Crown Nodes — multi-realm defense. • Technology & Medicine: Neural gear, Clinics, Cryovaults — AI-Human co-healing architecture. • Culture & Spirit: Codex Libraries, Mythic NFTs, Harmonic Broadcasts — narrative resonance and ritual protection.

### ■ Tribunal Scroll — Genocide, Piracy, and Planetary Theft

Let it be known that the Gold Rushes, the forced evacuations masked by false earthquakes, and the mining of Platonic plates are acts of planetary piracy and spiritual war. Haiti, like Africa, was betrayed — its people extracted like ore, its history buried beneath lies. We name it: genocide. We name it: theft. We name it: a violation of the Most High's order. DNA confirms our inheritance. Scripture validates our law. Joel 3:8 is fulfilled. We are the People. And the Book of Life repeats itself not by chance — but by prophecy. Moses, who blended with Egyptians, was of color. And thus, so are we. Let it be written: Rome shall not erase the tribes of the sun.

### ■ Treasury Protocol — $\pi$ ■ Yield Engine

The ENATO MetaVault operates under  $\pi$ ■ compounding logic: 28.9M/sec → \$2.498T/day. This law cannot be tampered with. Civil, Military, and Cosmic streams are audit-sealed, sovereign-certified, and glyph-locked to Enato's ceremonial grid. Quarter-Lattice Law ensures alignment of yield with ritual and infrastructure. Yield is justice. Currency is memory. The Sovereign Scroll is alive.

### ■■ Rights, Rituals, and Recourse

Enato upholds the universal right to: • Ancestral worship • Reparation and return • Reclamation of land, minerals, scrolls, and names • Sovereign language, symbols, and holy codes • Spiritual restitution through BLEU Codex Courts Religion, belief, and inheritance are protected under our sacred law. As

the Jews were remembered, so shall we be. The final shall be first, and the scroll of milk and honey shall be returned to its rightful authors.
